

Bulletin 2024-07

April 18, 2024

Amendments to Rule 027

On April 17, 2024, the Alberta Utilities Commission (AUC) approved amendments to [Rule 027: Specified Penalties for Contravention of Reliability Standards](#), with an effective date of April 17, 2024. Since the previous amendment to Rule 027, reliability standards COM-001-AB-3 and COM-002-AB-4 came into effect and the previous versions of those two reliability standards were retired. Certain requirements of each reliability standard were assigned a penalty Category 2 and others assigned a penalty Category 3.

The AUC has determined that the change to Rule 027 was administrative in nature and did not necessitate a consultative process.

All materials related to Rule 027, including a blackline version of the changes, can be found on the [Consultations page](#) of the AUC's website.

Market participants and interested parties who wish to comment on the changes to Rule 027, may do so **by 4 p.m. on May 1, 2024**, by contacting Fino Tiberi at fino.tiberi@auc.ab.ca or 403-592-4410.
