November 28, 2024

Extension to participation closing dates for facilities applications in response to Canada Post strike

On November 15, 2024, the Canadian Union of Postal Workers began a nationwide strike.

The Alberta Utilities Commission relies on Canada Post to deliver notice of facility applications to potentially affected stakeholders. As a result of the strike, the Commission will grant an extension to the participation closing date for facility applications in which a notice of application was issued prior to November 15, 2024, and for which the written submissions deadline was specified as occurring after November 15, 2024.

Details on the new participation closing dates will be communicated on their respective proceedings on the AUC's eFiling System in due course. Inquiries regarding specific proceedings should be directed to the lead application officer for the proceeding.

General inquiries can be directed to info@auc.ab.ca.
