AUC issues practice notes to provide guidance to parties on aspects of AUC practice and procedure

The Alberta Utilities Commission is issuing a series of practice notes to provide guidance to parties on aspects of AUC practice and procedure.

Four practice notes are now available on the [Rule 001: Rules of Practice page](#) on the AUC website, focused on the following topics:

- direct evidence and opening statements
- written rebuttal evidence
- aids to question a witness
- confidentiality motions

The practice notes refer to relevant AUC rules, where applicable, and provide guidance on the AUC's expectations from parties. These practice notes are intended as a resource for all parties to help improve accessibility, transparency and efficiency in AUC proceedings.

Practice notes are provided for information purposes only. The Commission retains discretion to issue any directions it considers necessary for the fair, expeditious and efficient determination of an issue in a proceeding.
