June 17, 2025

Template affidavits to adopt documentary evidence in an AUC proceeding are now available on the AUC's website

The AUC may require participants in its proceedings to file a written affidavit to adopt any documentary or written evidence filed on the record of the proceeding.

The AUC is providing new template affidavits to guide participants in preparing these written affidavits, including identifying, adopting and correcting, as necessary, a participant's documentary evidence.

The templates are available on the [Rule 001 page](#) for interveners, such as landowners, company witnesses and expert witnesses.
