Alberta Utilities Commission welcomes JP Mousseau as chief executive

The Alberta Utilities Commission (AUC) is pleased to announce that JP Mousseau has assumed the role of chief executive, effective September 1, 2026. JP, who brings more than 25 years of experience with the AUC and its predecessor tribunals, was previously announced as the incoming chief executive in July. JP succeeds Bob Heggie, who is stepping down after more than three decades of distinguished service. Bob will continue to support the AUC as an advisor on strategic matters until June 30, 2027.

“Bob’s contributions to the AUC and to excellence in energy regulation over the years have been significant. On behalf of the Commission, I would like to thank him for his dedication, leadership and commitment to public service.

JP has been a highly respected leader with our agency and in the sector, bringing a deep understanding of our roles and responsibilities. The Commission is confident in his ability to lead the organization as we continue to navigate evolving regulatory frameworks, markets and initiatives.”

— Carolyn Dahl Rees, KC, Chair.

The AUC remains committed to independent, fair and responsible regulation in the public interest. The organization's mandate and priorities remain unchanged as it begins this new chapter under JP's leadership.
