

# Notice of applications Blue Heron Solar Project

## Gransolar Alberta One, Inc. has filed applications for a 200-megawatt solar power plant, battery energy storage system and substation near Alliance

### Proceeding 30032 Applications 30032-A001 to 30032-A003

The Alberta Utilities Commission (AUC), the independent utilities regulator, will be considering the power plant development applications in Proceeding 30032. If you feel you may be affected by these applications you can request to participate and provide input to the AUC before it makes its decision.

**You can request to participate by registering and filing a statement of intent to participate by July 30, 2025.**

Gransolar Alberta One, Inc. has applied to construct and operate the Blue Heron Solar Project. The project consists of a 200-megawatt (MW) solar power plant with approximately 415,000 solar photovoltaic modules installed on a single-axis tracking system, a 200-MW/400-megawatt-hour battery energy storage system, and a project substation. The project will also include inverters, an electrical collection system and internal access roads. The project will be located on approximately 430.8 hectares of private cultivated land in Flagstaff County, approximately 11.5 kilometres east of the village of Alliance, as shown in the map below. The applications have been filed under the *Hydro and Electric Energy Act*.

### Additional information about the applications

Basic information about the Blue Heron Solar Project can be found on the AUC website under “Applications > Featured applications.” The applications and any associated documents are publicly available and can be accessed from the eFiling System on the AUC website [www.auc.ab.ca](http://www.auc.ab.ca).
