

Notice of application

Beacon AI Centers – Indus Project Thermal Power Plant

Indus Power Generation LP has filed an application for a 1,494-megawatt natural gas-fired power plant near Calgary and Indus

Proceeding 30524
Application 30524-A001

The Alberta Utilities Commission (AUC), the independent utilities regulator, will be considering the power plant development application in Proceeding 30524. If you feel you may be affected by this application you can request to participate and provide input to the AUC before it makes its decision.

You can request to participate by registering and filing a statement of intent to participate by February 23, 2026.

Indus Power Generation LP has applied to construct and operate the Beacon AI Centers – Indus Project Thermal Power Plant. The project is proposed to be located approximately three kilometres east of the City of Calgary, and two kilometres northwest of the Hamlet of Indus, in Rocky View County, Alberta. Specifically, the project would be located in Section 11, Township 23, Range 28, west of the Fourth Meridian, as depicted in the map included with this notice.

The total capability of the project would be 1,494 megawatts, and under normal operating scenarios, would supply approximately 1,200 megawatts of power to co-located, on-site data halls, intended to contain artificial-intelligence and high-performing-computing facilities.

The application has been filed under the *Hydro and Electric Energy Act*.

Additional information about the application

The application and any associated documents are publicly available and can be accessed from the eFiling System on the AUC website www.auc.ab.ca. Alternatively, for more information about what is being applied for, or for a copy of the application, please contact:
